Return of Title IV Funds

This session will focus on issues related to R2T4 regulations including the most recent changes and requirements. We will look at current guidance that relates to the treatment of Title IV funds when a student withdraws from school. This session will cover a number of general areas relevant to all schools, but will focus on those areas that are particularly relevant to non-traditional programs. An overview of the Department's Web application on FAA access to CPS online for the Return of Title IV Funds Calculation will be provided.

Non-Traditional Programs: Administering and Delivering Title IV Aid

Nontraditional programs are the focus of this session. We will look at program policies for the administration of Title IV aid. The session reviews case studies, policies, guidance and issues pertinent to institutions' nontraditional programs.

FSA Assessments: An Opportunity to Improve Compliance and Tips to Administer the Aid Programs at Your School

Come and learn how your school can improve compliance by using FSA Assessments. FSA Assessments are tools to help schools prevent and/or identify compliance issues, implement management enhancements (action plans), and share effective practices. Participants will receive an overview of all the assessments, with particular focus on Verification and Conflicting information.

Birds of a Feather Q & A session

A time set aside for Questions and discussion regarding the earlier sessions. Share community issues and concerns. Suggest future topics for discussion.
